FOREWORD

Within these pages we have recorded the activities which represent to you the every day life at Jackson, which in later years will become to you treasured memories. It is our hope that this book will serve as a reminder of all your pleasant high school days and that it will be enjoyable and entertaining to you now as in the years to come.

DEDICATION

*miriam - don't forget,
I'm all for your vocational
goal, so if you need encouraging -
see me!
K.W. Dobson*

The Class of '55 dedicates this annual to Mr. Kenneth W. Dobson. Mr. Dobson has taught at Jackson for 9 years. He was hired in 1942 as basketball coach and math and science teacher. He entered the Intelligence Corps of the Army in 1943; in 1946 Mr. Dobson returned to his teaching position. As basketball coach, he coached the 1950 team to the Stark County Class B Championship. After the 1952 season he resigned as coach to devote more time to his guidance and teaching duties. Upon the completion of graduate work at Kent State University, Mr. Dobson received a Master of Education Degree.

In 1953 he was elected advisor of the Class of '55; since then he has guided the class to a very successful high school career. In appreciation for his kind patience and understanding with us, we proudly dedicate the 1955 "Scoop" to K.W.D.

ADMINISTRATION

BOARD OF EDUCATION

SEATED: G. W. Dobson, president; W. S. Essig, Clerk; H. C. Sauder, Superintendent. STANDING: M. A. Conkle, R. S. Tilton, M. S. DeWalt, vice president; M. W. Collie.

Jackson is every growing. Below are pictured some views of the new junior high school wing and of the auditorium. Voters approved a bond issue for this construction in November, 1953. Buildings are expected to be ready for occupancy for the 1955-56 term.

UPPER LEFT: The junior high school students will go to classes in this modern new building. UPPER RIGHT: A view of the construction. In the near future a history class may sit where the worker is standing. LOWER LEFT: A view from the present high school of Mr. Lawrence's new office. LOWER RIGHT: Locker rooms and storage space in the new gymnasium are pictured.

SUPERINTENDENT

Mr. H. C. Sauder is superintendent of Jackson Memorial High School. Mr. Sauder is busy throughout the year attending meetings, handling school affairs and keeping the school running smoothly. With a total enrollment of 1502 students, our superintendent does an outstanding job of administration.

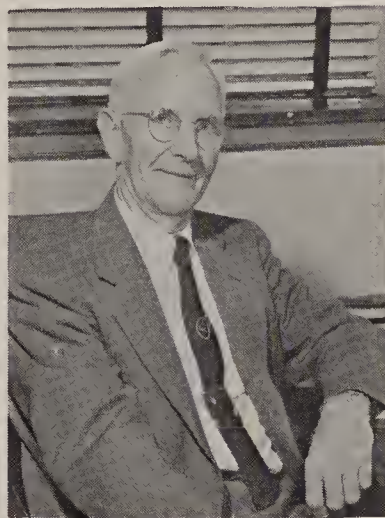

PRINCIPAL

Mr. Preston Lawrence is high school principal. His duties are many. He handles attendance and discipline problems, arranges schedules and teaches besides. Mr. Lawrence's efficiency and pleasant personality have endeared him to all the students at Jackson.

Miss Jackie Young is Mr. Sauder's secretary. She takes care of typing correspondence and college applications, keeps the school's account books and runs off copies of exams and programs when needed.

Mr. W. S. Essig is purchasing agent. He buys equipment for the school, makes sure the construction men are working and pays all the bills and salaries. A lesser but most important job is taking sick students home.

Mrs. June Lorenz is Mr. Essig's secretary. She types purchase orders and keeps books. When things are busy in the main office she helps relieve the burden there, too.

CLASSES

SENIOR CLASS OFFICERS: Jack Kotz, historian; Earl DeMuesy, president; George Myers, vice president; Ken Decker, treasurer. SEATED: Betty Jo Miller, reporter; Sue Bush, secretary.

SENIOR CLASS

Class Colors: Kelly Green and White

Class Flower: Yellow Rose

Class Motto: The ladder to success
is but a step at a time.

This year the big activity of the Senior Class was the Senior Prom on the 23rd of December. The dance was held at the Lake Cable Beach House; after the dance all those who were still awake saw two rootin'-tootin' movies at the North Canton theater. At about 4 A.M. the hardy ones went to Barb Snyder's where some mothers served breakfast.

The Seniors also produced a very successful play and had several bake sales.

SENIOR CLASS POEM

Soon the pathway of the future will open its gates;
And we will enter to find what awaits.
But looking back on the memories we've had;
Some of them happy and some of them sad.
We think of our parties and wonderful plays;
And of dear old Jackson where we've spent our days.
The friends we have met here as we've passed through
each day;
Will ne'er be forgotten as we go on our way.
Trying to learn the three R's was a little rough;
And the tests that we've had were sometimes tough.
We crammed all night to pass a test;
Then struggled through to do our best.
"Read on", were those famous words to our class;
From Mrs. Hyde to each lad and lass.
But kidding aside our teachers were grand;
They've helped us to learn and now make our stand.
Toward the future we're looking with our hopes held high.
With sadness in our hearts as we say this, Our Goodbye.

—Joanne Clatterbuck.

The class of '55 elected Mr. Dobson as their advisor at the beginning of their Sophomore year. Since then he has guided and sometimes led us through three of the happiest years of our lives with a willing, sympathetic, and understanding hand.

Therefore, we would like to express our deep felt appreciation to Mr. Dobson for all these things and many others which can not be said, but only felt.

CROSSING THE BAR

Sunset and evening star,

And one clear call for me!

And may there be no moaning of the bar,

When I put out to sea,

But such a tide as moving seems asleep,

Too full for sound and foam,

When that which drew from out the boundless deep

Turns again home.

Twilight and evening bell,

And after that the dark!

And may there be no sadness of farewell,

When I embark;

For though from out our bourne of Time and Place

The flood may bear me far,

I hope to see my Pilot face to face

When I have crossed the bar.

—Alfred Lord Tennyson

MEMORIES

The time is 2055 A.D.; the scene is the ivy covered halls of the great Jackson Memorial High School. The moment is tense for Professor Thadius W. Dobson, a great-great grandson of Kenneth White Dobson, once a great physicist and mathematician at J.H.S., is slowly advancing down the dark hall eagerly, and thoroughly inspecting each locker and its contents. In one of these dusty lockers he hopes to find, among other remnants of a by-gone age, a time capsule left there by the great class of 1955 whose footsteps have long since finished echoing through those hallowed halls. Suddenly he stops—locker number 502—he checks his notes and sees that this was the locker of the president of the class of '55, Earl DeMuesy. Eagerly he digs in . . . suddenly through those halls of ivy rings the cry of "Eureka, I've found it."

Minutes later in a little darkened room, a film one hundred years old starts through a projector. A voice begins: "Hello, this is Kenneth Dobson, a teacher and counselor and advisor to the class of '55 of Jackson High School. In order to give you a better idea of what school and teenagers were like in 1955, we decided to make a film of a typical day among my Seniors, so . . . let's begin.

"There I am arriving at school fresh as a daisy in my hot Ford. Uh-oh, what was that streak of yellow? Oh, Bob Zeller peeling into a parking place again . . . guess I'll have to see that boy in physics class. Here's Sam Stockon too, in one of his really fine souped up cars. When I at last get inside the building . . . see, there, I almost ran into one of those pesky Freshmen again, but was that a Freshman? Nope, just little Jack Marnin. On the way to my first class—still fresh as a daisy—I have to make room for a whole troop of Senior girls hurrying to get to band on time. Seen and heard in this little group are Bev Bricker, Sara Danner, Pat Frazee, Donna Nutter, Pat Price, Barbara Snyder, and last but certainly not least, Carol Rohr.

As I pass the civics class, a few more Senior boys: Ted Buss, George Gemind, Junior Holben, Carl Hossler, Tom Smith and Bob Wilhelm—seem to be having a little bull—and I do mean bull—session before Mr. Lawrence arrives.

After surviving a whole hour of a Freshman class, I am confronted during the third period by a bunch of boys calling themselves a physics class. Now, let me see . . . that one back there with the puzzled look on his face seems to be Dale Ensinger and the three guys sleeping are Tom Scott, Jim Howenstine and Al Ziesmer; the one over there with the knowing look is Gene Mataka. While this period slowly progresses, Peg Haynes arrives cheerily with the list of the day's absentees. Well, here it is the next period now, and there I am in Mr. Matthews' trig class looking in to see how the Seniors are getting along; it seems that I've made my visit on a real red-letter day—Ronnie Lang actually has his homework done. Well, there's Dick "Sam" Hunsinger trying to tell Mr. Matthews how to work a problem. Those two characters talking over there are Tom Conkle and Dave Pry trying to work out some more screwy geometry theorems; those two comfortable looking jokers trying to look like they know what's going on are Ray Rowland and Jack "Certainal" MacKim.

The next period, the activity period, we had a class meeting. Now what's that little group in the back—a committee? Nope, just a bunch of girls: Edith Haas, Jean Ensinger, Clara Haymaker, Patty Michel, Mary Jane Kiefer, uh . . . Joanne Lewis, Twyla Miller and Johnny Orr. Let's see . . . oh . . . up front petite Pat Swart is trying her darndest to distract Sue Bush, our class secretary, who is trying to keep up with the proceedings of the meeting.

At about high noon as I step into the hall from the relative quietness of the men teachers' hide-out, I am confronted once again by Seniors. Coming this way now are several girls who have run around together about as long as I can remember; June Sauder, Janet Rowe and Betty Jo Miller. Oh . . . here comes Dave "Cutie Pie" Bray and Bill Darush—Bill, as usual, is followed by his one and only, Carol Yost. Now who's that couple tripping up the steps? Just Kenny Decker and Jane "Queenie" Eckert with their heads in the clouds again. Next on our parade of favorites we have three of the members of the "Big Four"; Mary Kimpean, Connie Simpson and Carole Johnston, the girl with the ninety-nine boy-friends.

As soon as the halls have cleared sufficiently to allow my safe passage to my next class—I again start out. Stopping into Mrs. Hyde's English literature class, I am again confronted by a group of Seniors—nearly dormant. There in the back you can see "It" Bacon trying to look attentive and Joanne Clatterbuck already asleep. Up front, Judy Carter is arguing with Mrs. Hyde about why she likes Shelley, and Judy Jolliff is listlessly trying to keep up with the argument.

After surviving the slowest period of the day, the fifth, I'm off to my afternoon physics class. In getting to the lab, I have to pass Mr. Geib's French II class. In passing on this particular afternoon I heard Ronny Boyer, Paul Hassman, Jim Watkins and Kathy Lewis all trying to tell Mr. Geib that they didn't have any assignment for that day and since they thought they were being worked too hard, they shouldn't have one for the next day. When I finally reach the lab, I am greeted by the shining faces of some more Seniors. Right up here we have Ronny Wyles and there we have . . . uh . . . let me see . . . uh . . . Ronny Blate, Dave Mercier, and George "Jeepster" Myers.

Following that most interesting period, I have an hour of brief respite during which I pay a visit to the annual staff next door. Since this is a typical day, you can see Bill Jarrett over there goofin' off again and Jack Kotz is trying to get out of work by using the most flimsy excuses; all the while our beloved editor, Barbara Easterday, is tactfully trying to get them to do something—just anything—instead of rasslin'. Meanwhile, Dianna Mantsch is quietly doing what the boys are supposed to be doing.

Being rested up considerably, I jauntily drift downstairs to pay a momentary visit to the last period civics class, arriving just in time to see some of the more athletic Senior boys: Dick Marchand, Larry Teeple, Dick Vieracker, Arden Shammo, and Chuck Boomhower say au revoir to their babes and prepare to leave for the football field to beat their brains out for dear old J.H.S. I've also arrived in time to see one of the brides-to-be of our class, Betty Lou Miller, leave with the bridegroom-to-be and to see Rheta "Ride-em-cowboy" Burger happily leave these hallowed halls for an evening's riding practice.

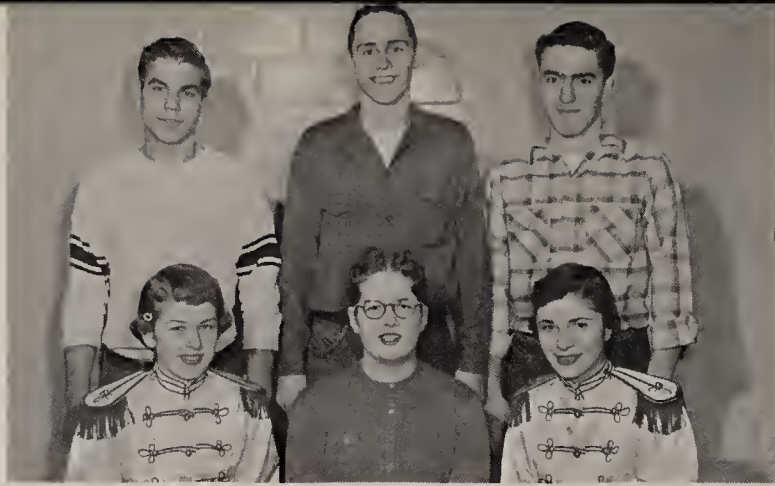

Finally, after living through that murderous last period, I can leave for home . . . and I do . . . see, there I go.

Well, people of the twenty-first century, wasn't our Senior class really a great one? I will always continue to look with pride on it and I hope that you, our descendants, can look back on all of us with great pride, too."

The projector is stopped and Thadius W. Dobson turns on the light. "By my mother's spacesuit," he thinks, "that certainly was a magnificent age. That Senior class was truly wonderful too, and that great-great grandfather of mine was really a grand old gentleman".

—Jack Kotz.

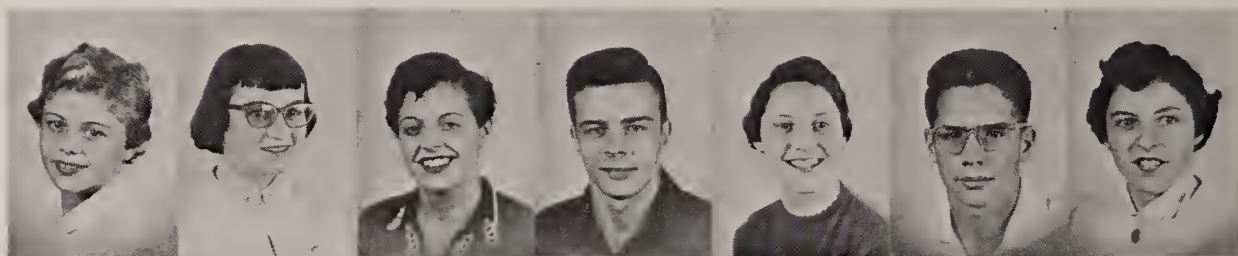

The junior class started the year off with a paper drive, October 29th. On November 19th they presented the junior class play, "Brother Goose", a comedy in three acts. It was a huge success and everyone enjoyed practicing for it. On May 14 the class put on the best junior-senior prom yet.

MOST PHOTOGENIC GIRL

Miss Carol Yost

Hotel Riverside Reno, Nevada

Hi Neil — March 12, 1955

you can tell the boys up at Jackson High they gave us a real difficult job to do. All of the girls are so photogenic, it was really hard to pick one. However, after much debate, the picture enclosed is the one we decided on.

We're leaving here at the Riverside soon. Neil & I are leaving for Scotland & England on the 20th. We'll keep in touch.

*Best always,
Ed & Alice
The Four Aces*

Our studio, Troup & Pluto, chose from the senior girls, six candidates whom they considered most photogenic. A draped portrait of each girl was given to Nick Barry, WCMW disc jockey, who forwarded them to the Four Aces who made the final choice.

MR. DYER'S ART CLASS

In Mr. Dyer's classes, the students are taught the basic principles of art. The students work with oils, water-colors, charcoal, pen and ink. The advanced art class also works in three dimensional art.

MR. LAWRENCE'S CIVIC CLASS

In Mr. Lawrence's American Government and Sociology classes, the Seniors learn the principles of our national and state governments and of our society. They also discuss current events.

MR. MATTHEW'S ADVANCED ALGEBRA CLASS

In Mr. Matthew's class Juniors and Seniors further their knowledge in algebra and have a lot of fun doing it.

MRS. HYDE'S LATIN II CLASS

"Latina lingua est 'dead'" is an expression which is typical among Latin students at our school. In Mrs. Hyde's Latin classes Caesar's battles are fought again and old Rome is visited vicariously along with learning the language of the Romans.

The "Jackson Times", the monthly newspaper of Jackson High School, is written and edited by the students of the high school. The paper is designed to present the happenings of the school in as informal and interesting manner as possible.

In order to better understand the work put in on the paper, one must see process leading up to time when the paper appears on a Friday. Three weeks before the paper comes out the editor plans it and then hands out the assignments to the divisional editors. The following week, after the articles have been turned in and edited, they are typed by the second year typing class. During the weekend, several members of the staff get together to put the paper to bed. In putting the "Times" together, the articles, pictures, headlines and cartoons are all pasted on a master sheet; the average time for just putting together one six-page issue is about fifteen hours. On the Monday next, the paper is taken to a lithographer where it is printed about a third of its original size; after many hours of work, then, the paper is ready to be distributed on a Friday to subscribers in all the grades of the school.

Y-TEENS

The duty of the Y-Teens is to promote fellowship among all races and creeds. The Y-Teens this past year have tried to fulfill this duty. We made cartoons and crossword puzzle scrapbooks. We also brought in food and toys at Christmas time. The members took charge of the school's campaign for the March of Dimes.

For our social recreation we went camping at Valley View, went to the Y for dinner and then to a movie; had a weiner roast; and closed our school year with the Y-Teen formal.

It was the sophomore club's turn to decorate the high school Christmas tree this year, and the toys used under the tree were then sent to a needy family.

The girls also helped plan the activities for the Y-Teen Conference held every year at Ohio-Wesleyan College, Delaware, Ohio.

Other activities during the year included the annual Y-Teen recognition; a Christmas party; a swimming party at the YWCA; a roller skating party; and the Y-Teen formal climaxed the year in April.

"Avez-vous fini vos lecons?" dit Monsieur Gib. "Non, non" disent ses eleves. This phrase and many others, as "Fermes la bouche, s'il vous plait!", are typical of the goings on in our two French Clubs and classes.

The main purpose of the two French Clubs is to inject a little fun into taking French. Each club meets once a month; they hear reports on France, discuss ways and means of getting rid of the money in the treasury and, in the case of the French I Club, discuss plans for a French Club banquet.

Hi: Peggy, you didn't take out the end.
Jeff: Lenore, are you hurt?

Jeff Adams, his brother Wes, and two sisters, Hy and Carol, had had a hard time managing their household since the death of their parents. Jeff had worked hard trying to build his architectural practice but he was at the point of having to give up their home and move to his Aunt Virginia's.

All at once things began to happen. Mrs. Lulu Trimmer presented him with specifications for her Wee Blue Inn Night Club. Lenore decided that she wanted Jeff to build her a house on the vacant lot that Hy and her gang had used for a football field.

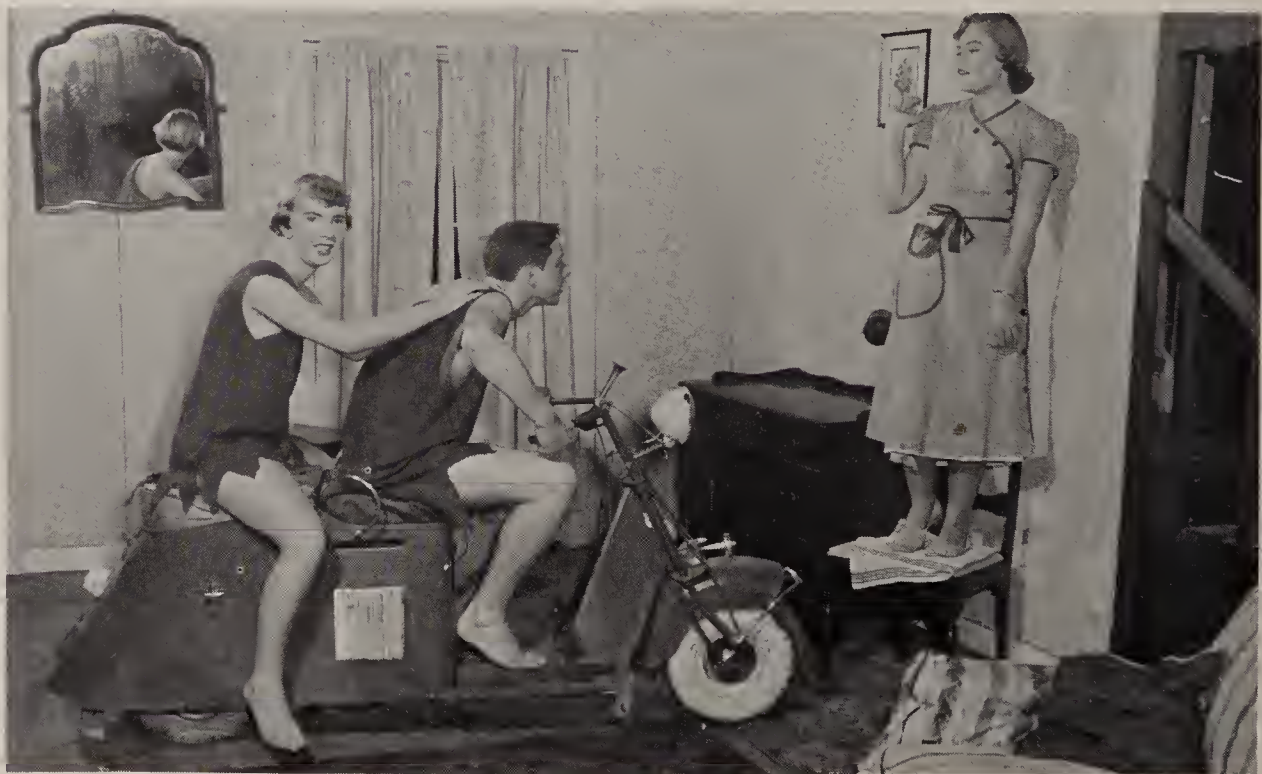

Helen, the housekeeper, had quit. These happenings, though, didn't effect the love life of Wes and the new southern girl, Eve.

When Peggy Winkle came to sell hosiery to "the lady of the house", Jeff persuaded her to stay there as housekeeper.

Peggy proved to be very capable of handling affairs at the Adams home and she became very close to Hyacinth.

Jeff naturally was very interested in the plans Lenore had for him and neglected Mrs. Trimmers blueprints. The day had come to break ground for Lenore's house but Hy had other ideas. She very cleverly arranged for Lenore to catch poison ivy and also put Wheat Puffies in the gas tanks of the excavating equipment.

At last Jeff found out that Lenore didn't own the lot and had no intention of settling down in Ashton.

Wes: Can't you imagine yourself zipping along at 90 miles an hour?

Eve: Y-y-yes. But Ah'd lots rather imagine forty-five. There's lots more to hold on to in a car.

Sid: Why, you - you - you - carp-face!

Laurie Huntington, a college sophomore majoring in psychology, comes home and sees her family as a bunch of psychological "knots". Actually things aren't quite that bad. Sid Huntington, her father, isn't quite his normal jocular self because he's trying to beat out his hated rival Ted "Deadwood" Wood for a used-car dealership and Martha, Laurie's mother, ordinarily poised and gracious, is over-anxious and nervous about the tea to which she has invited Walola Breckenridge, the wife of the president of the bank from which Sid is trying to get a loan. To top it all off, fun-loving Wally Huntington, Laurie's younger brother, insists upon going steady with cute Joan Wood, "Deadwood's" daughter.

So . . . Laurie, confident of her psychology training, starts out to untangle the knots. The house becomes a jumble of notebooks and strange-looking blocks; and everybody is getting word association tests, "blood-to-the-brain" tests

Horatio: Wait! Yes, that's they, all right! I can hear them! I thought they were gone—but now I hear them again! It's not too late!

and intelligence tests. Because of Laurie's interference the maid, convinced by test that she's a genius, is off to college; Martha's tea guests walk out and Wally's romance with Joansie is finished.

One night, while Laurie is on a date, the family finds Laurie's notes on them and they decide to do a little "purging". When Laurie and Mark Bradford, her handsome boyfriend, come home that night, the family put on an unforgettable "show" that is climaxed by Sid's famous "Purge Polka".

All's well that ends well, though, as Wally invites "Deadwood" and his aggressive wife, Lillian, to the Huntington house. Sid and "Deadwood" through the "mutual crisis" of a paintbrush duel are reunited in a new partnership as are Joansie and Wally. Laurie, seeing that a little psychology is a dangerous thing, finds forgiveness and love from her family—and Mark!

MUSIC

CHOIR OFFICERS

—The 1954-1955 Jackson High School Choir consisted of fifty-five voices, and the Freshman Girls Glee Club of seventeen. The big event of the year for the choir was the Annual Choral Concert held this year on May 6. The choir also presented an assembly concert for the high school in March, and provided music for the Thanksgiving, Christmas, and Easter programs. In addition, it participated in the All-County Band and Chorus Festival held at Memorial Auditorium in Canton on Feb. 22, and soloists and ensembles from the choir provided music for several other programs throughout the community during the year. There was also a boys glee club which consisted of the boys from the choir, and a girls glee club which consisted of the girls from the choir. Marialice Myers served very capably as accompanist for the boys glee club, girls glee club, and choir, and Harriett Cleckner served in the same capacity for the Freshman Girls Glee Club.

Choir Officers are left to right: Donna Nutter, president; Ken Decker, treasurer; Carol Yost, secretary. Connie Simpson, vice president, was absent when the picture was taken.

Parades, football half-time shows, contests and concerts are just a few of the many and varied activities of the Jackson Hi Band. The marching band this year started out its season after many weeks of summer practices, by appearing with the other county bands at the Stark County Fair, its next appearance was at the county football preview in Massillon. After presenting many successful half-time shows at our football games one of which was a special show commemorating the birthday of the march king, Sousa. The marching band wound up its season with the annual Military Ball, of which Ronny Wyles and Carol Yost were king and queen.

All in all, our band this year enjoyed one of the best seasons it has ever had.

THE CHAMPIONSHIP STORY

The Championship team this year may be described as a team of character or characters. Through the preceeding years our coach, Mr. Fife, has tolerated one or two persons of zany character on each team. But indeed the team this year tops all others. Along with his headaches on the field he had those in the locker room. Nearly every night he came in after practice to break up a mud, towel, or water throwing contest. This is to say nothing of the baseball and volley ball games in the showers.

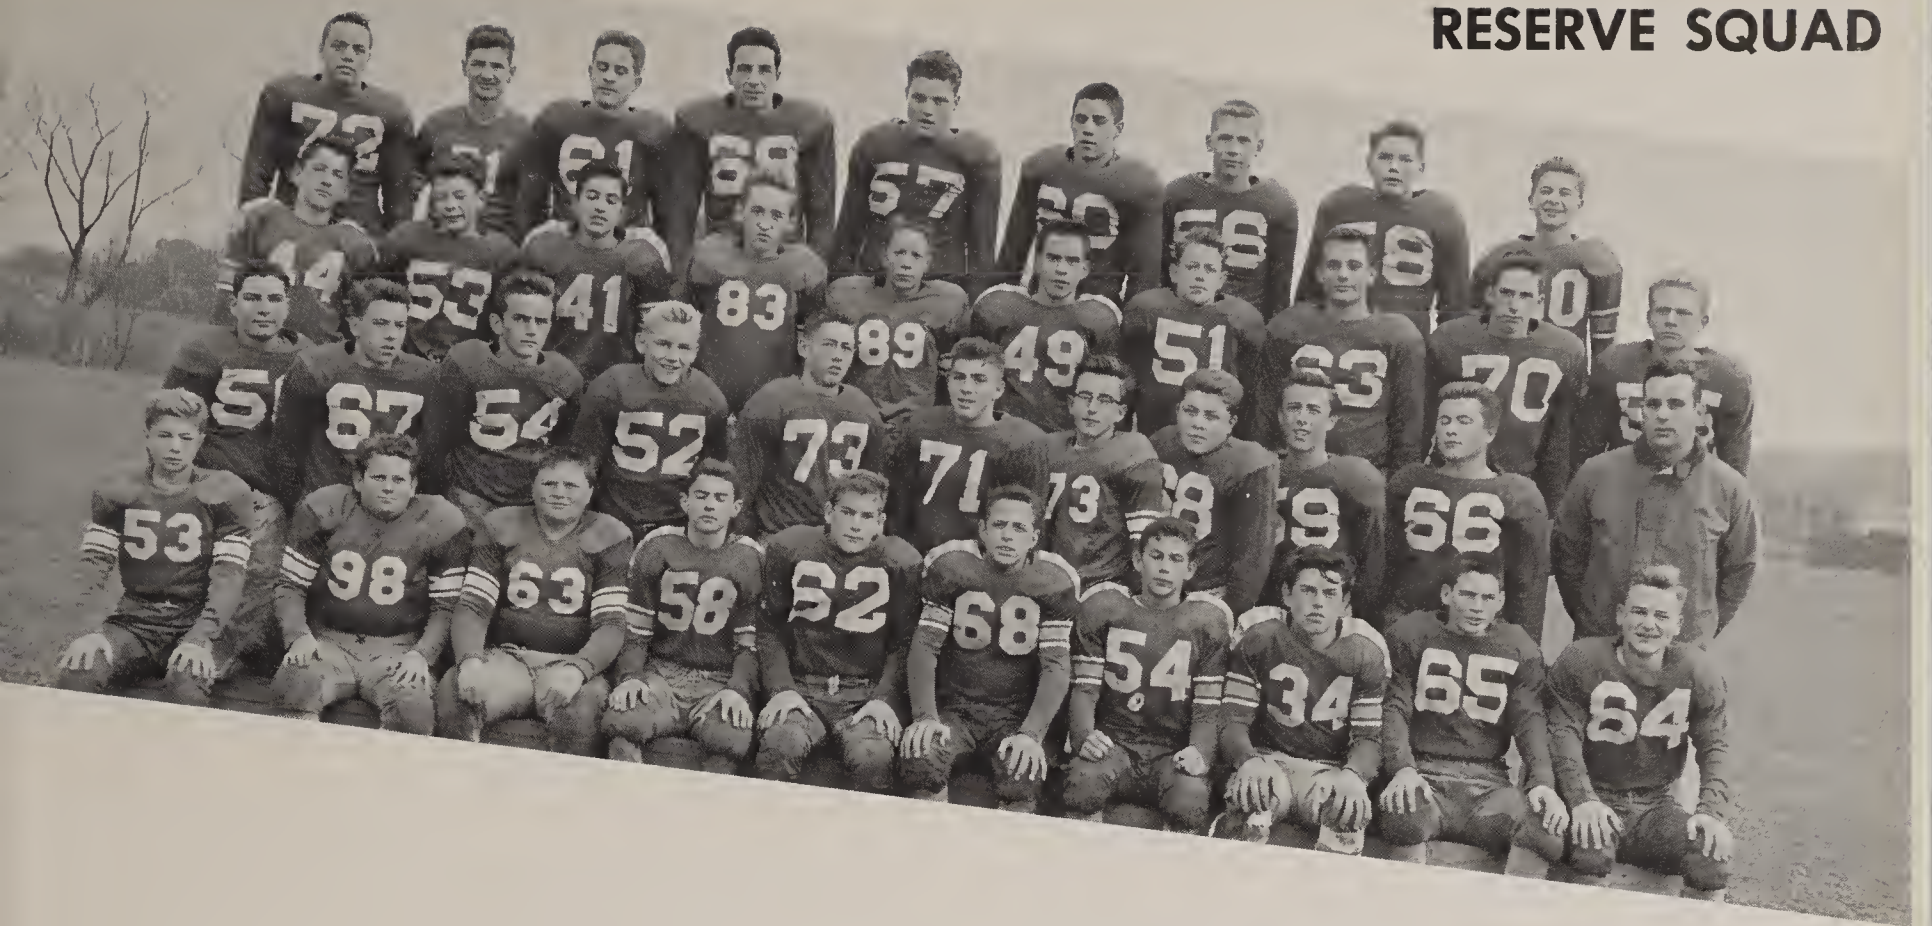

The wonderful thing about this team was that no matter how many antics were performed throughout the week, on the night of the game the boys settled down to play the caliber of football that won the championship for them.

Each week the team heard about how tough the next team was going to be. We always had a speed merchant or a star on the coming team. What did Jackson have to offer?

Jackson had self confidence, the hardest running backs in the county, a rather light but most powerful line, a great staff of coaches, the unending support of the people and students of Jackson, and the help of silent prayer before and after each game. These are the materials that our coaches molded into the Stark County Class A Champions of 1954.

FOOTBALL QUEEN

MISS JANE ECKERT

Miss Jane Eckert was elected football queen of 1954 by the members of the reserve and varsity squads. She reigned at the Homecoming game Saturday, October 23, 1954, and at a dance which followed the game. Her attendants were Donna Nutter, senior, Nancy Willaman, junior, Jean Oberlin, sophomore, and Linda Grant, freshman.

The queen and her attendants were driven on the field in a black Cadillac by Earl De Muesy, senior class president. George Myers, senior class vice president, acted as doorman.

After her coronation the queen and attendants watched Jackson beat Northwest 66-0.

CHEERLEADERS

This year for the first time in Jackson's history two sets of cheerleaders were chosen. Try-outs were held last spring. The student body elected Jane Eckert, senior; Nancy Willaman, junior; Jean Oberlin, sophomore; and Linda Grant, freshman, to the varsity cheering squad. These girls incited school spirit and kept enthusiasm high throughout both Football and Basketball season.

Only Freshman and Sophomore girls are eligible for the Reserve squad. The purpose of this is to build talent into expert varsity material. These girls were seen leading cheers at Reserve football games and at the preliminary Reserve Basketball games.

VARSITY BASKETBALL

As the 1954 football players were champions, so were the 1954-55 basketball team. No, a trophy does not rest in our lobby. These boys have won a trophy in a different and greater sense.

They had very hard going at the beginning of the season. Somehow all the kinks and problems had not been rolled out. But with the greatest spirit and the firmest dedication and determination they set to their task. Four straight defeats had come ahead of victory, but with victory, arrived this spirit and the team began to spark. Teams that met Jackson after that knew that they had played a different team.

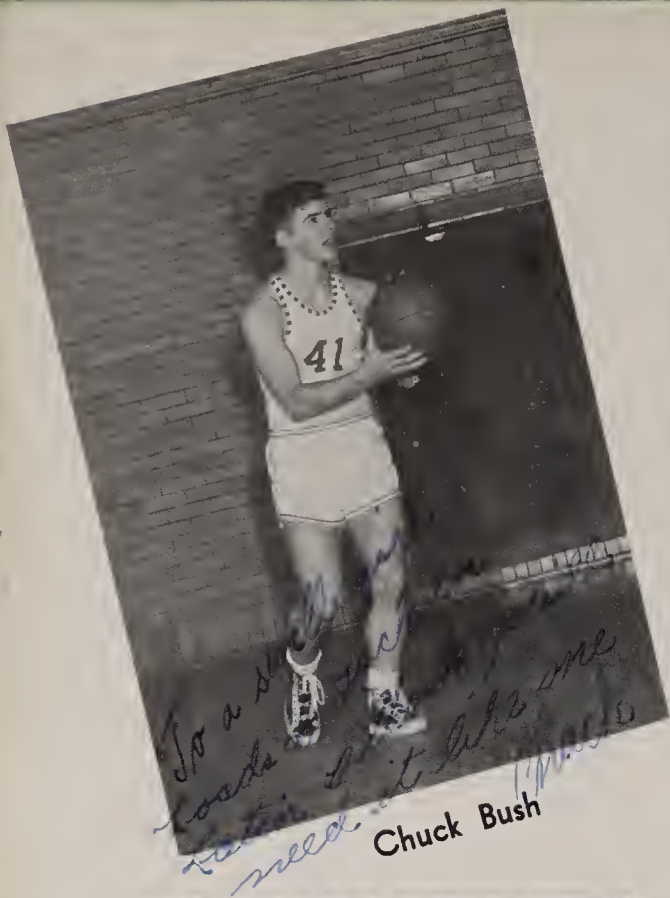

Steady improvement followed. Their record for the first half of the season read—one victory, nine defeats. The last portion though, tells a different story with 6 victories and 3 defeats.

This team deserves much credit for such a record of improvement. When tournament time came the students of Jackson openly showed their confidence in this team. Jackson fans had championed their team.

These boys had found success after defeat, and has attained the full support of the entire school right to the very end, an element lacking in the past.

These achievements are within themselves a trophy to be preserved and of which they should be proud.

Why did they sign the Declaration of Independence?

Were our forefathers just another group of radicals trying to create a government for their own gain? Or were they earnestly striving to establish a democracy of the people, by the people and for the people? The value and foresight of their words, as written in the Declaration of Independence, has been proved by the rapid progress and growth of American Democracy. What was written over 175 years ago still holds good. "—that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty and the pursuit of happiness."

Let's stick to it.

"If"

By RUDYARD KIPLING

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too wise;

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two impostors just the same:
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss:
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much:
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!
